

Introducing the **NEW** Ventrac 4500

Engineered for you.

Combining the perfect balance of the past, while redefining the future, the **NEW Ventrac 4500** has been built for you. From the advanced electrical system, redesigned frame, added safety and comfort features; the Ventrac 4500 offers the reliable performance, astounding versatility and comfortable handling you have come to expect.

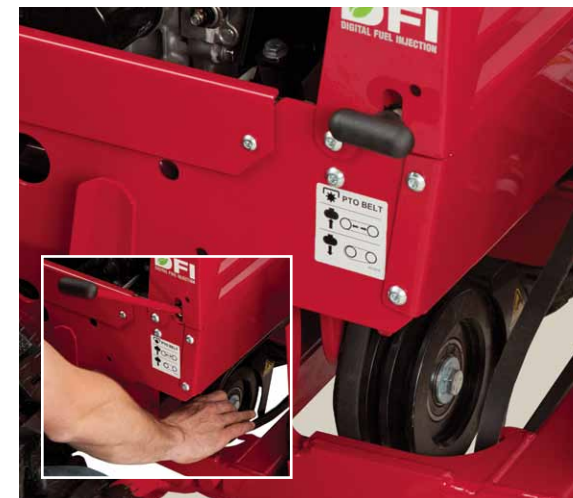

Electronic Instrument Panel Well Connected.

Includes Tachometer, Speedometer (MPH & KPH), Fuel Gauge, Hour Meter, and Temperature Gauge.

6 Function Warning Gauge & Alarm More Informed.

Includes Engine Coolant Temp, Hydraulic Oil Temp, Engine Oil Temp, Low Voltage, Low Engine Oil Pressure, and Parking Brake Indicator.

New PTO Belt Tensioner Easy Hookup.

Conveniently located up front near the PTO belt with an auto tension feature for easier attaching and detaching of attachments.

New Weight Transfer Lever Fine Tune Traction.

Adjust your traction for increased stability on slopes. Weight Transfer also allows for increased lift capacity.

NEW Engine Options

Kubota
Kawasaki

POWERED BY
VANGUARD
COMMERCIAL POWER

The Ventrac
4500P DFI
can provide up to
25% fuel savings.
* Fuel Savings compared to 4500K fuel consumption.

**New Onboard Diagnostics
Reduce Downtime.**

Computer controlled onboard diagnostic system quickly and accurately diagnoses electrical circuits in real-time.

**Automotive Style Wire Harness
Plug & Play.**

System is now pre-wired for ease of connecting optional accessories. Wiring harness is color coded and labeled.

**Sealed Electrical System
Out of the Elements.**

You can be sure that your electrical system is protected with the new Sealed Fuse Boxes, Relays, and Terminals.

**Improved Oil Cooler
Stay Cool.**

Hydraulic oil cooler includes a thermostat controlled fan with reverse feature that keeps cooling fins clean and can add warmth for operators using a cab.

**Standard Fold Down Roll Bar
Safe and Versatile.**

Now comes standard with Fold Down Roll Bar for more operator convenience. ROPS approved.

**Battery Disconnect Switch
Peace of Mind.**

A complete system circuit breaker fully disables the electrical system and includes a fail safe disconnect.

GO GREEN. GO PROPANE.

ENGINE OPTIONS

GO GREEN

4500Z Kubota DF972

The Kubota DF972 engine is Bi-Fuel ready which means you can run gas and/or propane with the optional propane accessory kit.

4500P Kawasaki FD851D

The Kawasaki FD851D engine offers multi-port digital fuel injection (DFI) for increased fuel economy as well as choke-free operation.

4500K B&S Vanguard Model 54

The Briggs & Stratton Vanguard Model 54 engine is the proven industry standard for BIG BLOCK™ engine power, performance and reliability.

WHY PROPANE? 4500Z

- Fuel savings up to 32%[^]
- Longer engine life
- Cleaner burning
- Lower emissions
- Cleaner exhaust
- Energy security - 97% of all propane consumed in the USA is produced in North America
- Less price volatility

WHY DFI? 4500P

- Fuel savings through digital fuel injection system up to 25%[^]
- Easier starting
- Cooler operation
- Not affected by slope operation
- Not affected by altitude

Model #	4500K	4500P	4500Z	
Engine	B&S Vanguard Model 54	Kawasaki FD851D	Kubota WG972-GL	
Fuel	Gas	Gas (DFI)	Gas	Propane*
Fuel Economy ^{^^}	1.6 gal/hr	1.2 gal/hr	1.5 gal/hr (gas)	8.6 lbs/hr (propane)
HP (SAE J1995 gross)	31	31	32.5	31
Cooling	Air	Liquid	Liquid	
Cylinders	2	2	3	
Displacement (cc)	896	824	962	
Displacement (cu inches)	54.6	50.3	58.7	
Torque (ft lbs)	47.4	47.1	50.6	
Torque (Nm)	64.3	63.9	68.6	
Max Slope Intermittent Use ^{**}	30° (58% grade)	30° (58% grade)	30° (58% grade)	Not Yet Rated
Max Slope Continuous Use ^{**}	25° (47% grade)	30° (58% grade)	20° (36% grade)	Not Yet Rated

[^] Fuel Savings compared to 4500K fuel consumption. Propane comparison based on USD \$3.87/gal gas to \$0.48/lb propane.
^{^^} Tested with HM602 mower for comparison purposes. Application conditions & attachment will affect fuel economy.
 * Engine is propane ready, however the optional propane accessory kit is required.
 ** For side slope operation over 20°, Wheel Extensions are required for up to 25° or Dual Wheels are required for up to 30°

Enhanced Brake Lever Quick Access.

Automotive style Park Brake that is naturally positioned for quick access by the operator.

Universal PTO Switch Easy On/Off.

Located naturally for quick access by the operator.

Enclosed Muffler Breathe Easy.

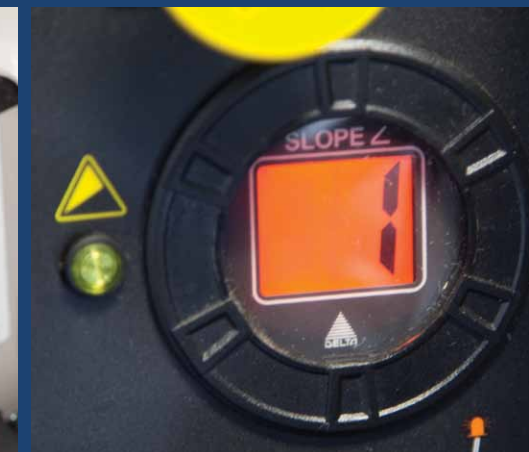

The enclosed muffler gives the operator greater visibility, safety, and minimizes exhaust exposure.

NEW ACCESSORY OPTIONS: **PLUG & PLAY**

Enhanced SDLA Control Get more done.

12V controls built into handle for easy fingertip access.

New Slope Indicator Know Your Degree.

Bi-directional digital slope meter built into dash for easy visibility.

More accessory options available

Liquid Propane Kit Go Green.

Add up to two propane tanks. Available on the 4500Z only.
