

The LB540 **Power Broom** is designed for the sweeping and removal of snow, leaves, dirt, light gravel, and other materials from parking lots, sidewalks, and other surfaces. Heavy duty nylon bristles make short work of any clean up job without damaging the surface below

A hydraulic cylinder angles the broom left or right from the operator's seat. Adjustable gauge wheels set the height of work for precise adjustment. Optional outrigger wheels allow for controlled adjustment when de-thatching turf. An optional front debris curtain is available for less over throw of material.

Standard Features:

- Nylon Bristle Rotor
- Adjustable Gauge Wheels
- Hydraulic Power Angle Cylinder
- Ventrac Mount System

Optional Accessories:

- Adjustable outrigger gauge wheels for de-thatching
- Front Belting Curtain
